**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel the non-elected claims 1-16, 22-26, 32-34.

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

It is agreed that the arguments filed on 7/2/04 and 6/3/04 are persuasive. The present invention is directed to a system or a method for transferring data from a first end terminal to a second end terminal using a first switch and a second switch, selectively by line-switching or packet switching. Each independent claim identifies the uniquely distinct features as described on pages 23-26 of the Remarks filed on 6/3/04, and on pages 8-9 of the Remarks filed on 7/2/04. The closest prior art, Arango (US 5,732,078) and Jonas et al. (US 6,137,792) disclose conventional communication network systems, either singularly or in combination, fail to anticipate or render the claimed features obvious

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kwang B. Yao whose telephone number is 571-272-3182. The examiner can normally be reached on M-F.
